

LET'S MAKE IT A LITTLE MORE  
INTERESTING.

```
#other imports
from wagtail.core.fields import RichTextField
from wagtail.admin.edit_handlers import FieldPanel

class HomePage(Page):
    body = RichTextField(blank=True)

    content_panels = Page.content_panels + [
        FieldPanel('body'),
]
```

**home/models**
